Natural Energy Boost
with ginseng and green tea extract,
enriched with vitamins and minerals.

STERNVITAMIN
Micronutrients for a Healthy Life

Boosts energy and fitness

Pure Vitalizer is the basis for a drink that is intended to increase metabolic activity. It boosts energy and fitness with natural ingredients, such as polyphenol-rich green tea and vitalizing panax ginseng. Natural flavours from lemon and ginger combined with a mild sweetness from isomaltulose provide a refreshing, authentic taste experience.
